

Member Learning and Development 10th August 2011

“Knowing your community and understanding their needs”

This workshop will aim to:

- Improve your understanding of the communities of North West Leicestershire and your role in promoting good community relations.
- Help you develop an understanding of key anti-discriminatory legislation.
- Assist you in dealing with inappropriate / discriminatory language and behaviour.
- Help you tackle both direct and indirect discrimination.
- Question the organisation and its ability to provide effective access to services for everyone.

Members are requested to attend one of the workshops, as they have been designed to provide a cumulative learning experience by addressing different diversity - related issues.
