Waste collection calendar 2011-12

New Collection Zones

The new zonal collections start on **1 NOVEMBER 2011**.
This calendar replaces your previous one.

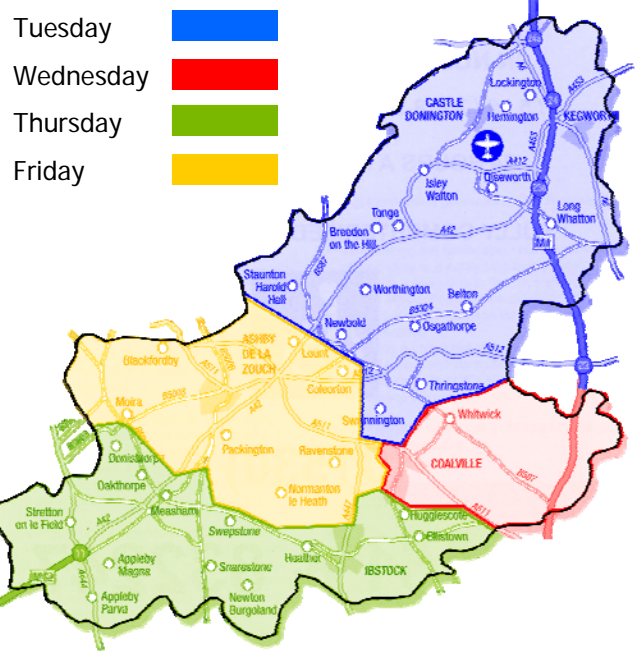

Why are collections going to be in Zones?

We have reorganised the rounds into zones to save money by being more efficient. The main benefits are:

- To save £100,000 to help meet our savings targets.
- To manage the effects of future housing growth on waste collection schedules.
- To save over 10,000 miles every year and reduce CO₂ emissions by 3,000 kgs.

What important information do I need to know?

- Your collection day could be changing so you need to read, check, and follow the instruction on the calendar.
- If you are due a recycling collection in the first week of November you should put out your red box, blue and yellow bags, and your black bin like you do at Christmas time.
- Please follow your new calendar so you are clear about what containers you need to put out for collection and when.

Textiles Collections on the way!

From **1 NOVEMBER 2011** you will be able to recycle your unwanted clothes and shoes at the kerbside.

How will textiles be collected?

Your clothes and shoes will be collected on the same day as your red box and blue bag. Please put them in a carrier bag next to, or on top of your red box.
