WELCOME

We're a charity that creates environmental campaigns that are positive, playful and inspire people to make healthier, greener lifestyle choices, which more often than not help save money and bring people together.

We concentrate on things people are passionate about and are relevant day-to-day, like fashion, food, homes and neighbourhoods. We keep things simple, offering practical and realistic solutions that help people to cut waste, make clothes last longer, save money and create cleaner spaces to live and work in.

Why pumpkins? 18,000 tonnes of pumpkin are thrown away at Halloween in the UK each year. That's the same weight as 1,500 double decker buses. Over half the British population also told us they'd like more pumpkin recipes. So we asked some of the UK's top chefs to share their favourite recipes.

It's time to celebrate the humble pumpkin. Tuck in!

ROASTED PUMPKIN SEEDS

Pumpkin seeds are not only tasty with soups and salads and a convenient snack they're also a superfood; very rich in zinc. They contain plant compounds known as phytosterols, and free-radical scavenging antioxidants, which can give your health an added boost.

METHOD

1. To prepare the pumpkin seeds for roasting you have to remove all pumpkin flesh. Put all pumpkin seeds into a colander, running them under water and separating the seeds from the stringy stuff which then goes into the compost while the remaining seeds.
2. When the pumpkin seeds are clean, they can then be simmered. Follow the ratio of 2 cups of water and one tablespoon of salt per ½ cup of pumpkin seeds and then place the seeds and the salt water in a saucepan over a medium heat.
3. Simmer the pumpkin seeds in the water for 10 minutes, then drain off the water.
4. Preheat the oven to 200°C and prepare a baking tray with a baking sheet brushed with olive oil.
5. Spread the seeds out evenly in a single layer on the tray and bake at the top of the oven until the seeds begin to brown (5-20min) - the time will depend on the oven and the size of the seeds so keep an eye on the oven to avoid them burning.
6. When ready let them cool on a rack before serving or storing so they retain their crunch. Remove shells before eating.

CARINA'S PUMPKIN & PEAR SOUP WITH ONION SCONES

INGREDIENTS (Serves 4)

50g unsalted butter / 2 tbsp extra virgin olive oil / 400g onions, coarsely chopped / 1kg pumpkin flesh, cut into pieces / Salt / 1.2 litres vegetable stock, hot / 50g pumpkin seeds / 2 firm pears / Freshly ground black pepper / 100g mature Cheddar (such as Isle of Mull Cheddar or similar mature cheddar) grated, to serve.

METHOD

1. Heat the butter and olive oil in a large pan over a medium heat then add the onions and fry gently until translucent. This will take about 10 minutes. Add the pumpkin, stir well, then season with salt and add the hot stock. Reduce the heat and simmer for 30 minutes until the pumpkin is tender.
2. Meanwhile, put the pumpkin seeds on a baking tray in an oven at 180°C/350°F/Gas 4. Turn the seeds occasionally, until toasted. Set aside. Peel the pears and chop coarsely, then add to the soup and heat through. If the pears are ripe, they won't need to be cooked but if they are hard, simmer for 5 minutes to soften them. Transfer the soup to a blender or use a hand-held stick blender to blend until smooth, then add salt and pepper to taste. Serve sprinkled with plenty of cheese and the toasted pumpkin seeds to add a little crunch.

GLUTEN-FREE PUMPKIN & RASPBERRY BROWNIES

2. Melt chocolate and butter in a glass or metal bowl set over a pan of simmering water (make sure the water doesn't come into contact with the bottom of the bowl).
3. Blitz pumpkin in a food processor (if you don't have one mash with a potato masher), add the eggs and sugar and mix well.
4. Put the cocoa, almonds and baking powder in a separate bowl.
5. Mix pumpkin with cocoa mix, add melted chocolate and butter.
6. Put in the tray and top with the buttons and fruit. Cook in the oven at 170°C for 30 minutes, or until firm. Because these brownies are gluten free they do need to be cooked reasonably thoroughly, otherwise they can fall apart.
