Dear Sarah

### **Hugglescote & Donington Le Heath Neighbourhood Plan Plan Submission & Regulation 16 Consultation**

I refer to your letter of 26 February 2021.

Thank you for the work carried out in consulting statutory bodies to obtain screening opinions regarding Strategic Environmental Assessments and a Habitat Regulations Assessment of the Neighbourhood Plan for the Hugglescote & Donington Le Heath area.

It is noted that no further assessments are required.

With this concluding the outstanding SEA and HRA consultation processes, I confirm that the parish council is submitting the neighbourhood plan as previously forwarded to you in October 2020, and request that the District Council undertake the formal consultation process (Regulation 16) on this plan.

In discussions, Appendix 5 Local Green Spaces Evidence Base Environmental Assessment is available on the Parish Councils web site and has been uploaded to your mailbox. Your help in achieving this is appreciated.

Yours sincerely

*Simon*

Simon Weaver Clerk to the Council
