4. Can you provide me with your average yearly costs of replacing/upgrading bulbs and the price paid per bulb.
5. Can you provide me with your energy usage from lighting council buildings broken down by each month from Jan - December 2020. (If this information is not available, total building energy consumption will suffice).
6. Do you have a policy for light bulb purchases currently in place.
7. What percentage of your lighting is using efficient LED Luminaries.

Our response:

The Council currently has 4 filament bulbs. We are unable to specify our energy usage from lighting alone, however please see document 1539a.xlsx attached for total energy consumption.

The Council neither has a policy for light bulb purchases nor do we record the remainder of the information requested. This information is therefore not held.
