NOTES - SMALL BUSINESS RATE RELIEF

These guidance notes form part of the application form. Please read them before completing the form and retain them for future reference.

This form may be used for a first application for Small Business Rate Relief in a valuation period in respect of a (non-domestic) property or for a fresh application that is required because the ratepayer has taken up occupation of an additional (non-domestic) property. SEE BELOW FOR DETAILS ON HOW TO COMPLETE THE FORM AND FOR THE CHANGES IN CIRCUMSTANCE OF WHICH WE MUST BE NOTIFIED.

A valuation period is the period of five years for which a local non-domestic rating list is in force (i.e. the period between revaluations of non-domestic properties) and if ratepayers do not take up occupation of any additional non-domestic properties they may not need to apply for Small Business Rate Relief again. If they have made application in respect of one valuation period and the conditions for relief which apply on the first day of a new valuation period are satisfied, their existing application, in respect of the earlier valuation period, will count as an application in respect of the new valuation period. In such cases, ratepayers do not need to make a fresh application in respect of the new valuation period.

Small Business Rate Relief can only be claimed for ONE non-domestic property (of up to rateable value £17,999 for the 2010-15 valuation period). A first application for relief in a valuation period must be made using Section 2 (Section 3 is not applicable) and all properties in England occupied by the ratepayer must be listed.

Where, after making application, the ratepayer starts to occupy an additional non-domestic property but wishes to continue receiving relief in respect of the same property as previously declared, a fresh application must be made by completing Section 3 (Section 2 is not applicable in this case).

It should be noted that, for any particular day, the ratepayer's occupation of an additional non-domestic property in England will be disregarded where (for the 2010-15 valuation period) -
(a) its rateable value shown in the local non-domestic rating list for that day is not more than £2,599 and
(b) the aggregate rateable value on that day of all the properties the ratepayer occupies in England is not more than £17,999 (where the property for which relief is sought is outside Greater London).

Therefore, if ratepayers occupy more than one non-domestic property, their entitlement to relief will depend on the rateable values of the other non-domestic properties they occupy in England. Where ratepayers occupy non-domestic properties in more than one Council's area, if the rateable value of a property outside the area of the Council granting the relief goes up, they must notify that Council of the increase. This does not require a fresh application but must be done in writing. If ratepayers are unsure of which Council (Billing Authority) area any of the properties they occupy are in, they should contact the Council (Billing Authority) granting the relief for assistance.

| Warning - it is a criminal offence for a ratepayer to give false information when making an application for Small Business Rate Relief. |
